### Skills and Attributes

Head Coach Joe Woodruff States, "Matt has the potential to be one of the best QB's this school has ever seen. He is very mature and knowledgeable of the game. His skills and instincts are way beyond his years. He naturally does things that you can't coach kids to do". Ricky Proehl states, "Matt came to my football camp this summer and was an impressive athlete. His strong arm and quick release coupled with his speed and agility will make him a force to be reckoned with on the football field. Matt was taught how to read defensive coverage's and make quick decisions with the football". He is a very serious student of the game always inquiring about tactical situations and options then brings these tactics immediately into the game. Matt has great pocket presence with the ability to escape, find the open receiver and get away from defenders. Matt is also very cool under pressure, passionate about the game and works very hard in the off season. He exhibits maturity and confidence on and off the playing field. Matt brings all the skills and abilities college coaches are looking for in a talented college prospect. He displays his winning attitude by his dedication in the classroom as well as his involvement in football and basketball. Matt will make an excellent addition to any football program that values talent, hard work and integrity.
